SUBJECT:

DOCKET NO. 2015-55-E - Application of Duke Energy Carolinas, LLC to Establish a Distributed Energy Resource Program – Staff Presents for Commission Consideration Duke Energy Carolinas, LLC's Request for a Limited Waiver of the Tariff Requirements to Allow an Additional Ninety-Day Extension for the Customer to Submit the Certificate of Completion.

COMMISSION ACTION:

Duke Energy Carolinas requests that the Commission grant a limited waiver of the Tariff requirements to allow a solar developer an additional 90-day extension to submit its Certificate of Completion, stating this customer is experiencing challenges installing its planned solar facility within the time frame required under the Large Solar Rebate Tariff.

The Office of Regulatory Staff has reviewed this matter and does not object but notes that this relief should be considered for other customers with solar projects that have experienced similar challenges in meeting completion deadlines due to the Covid-19 pandemic.

Move to grant the limited waiver of the Tariff requirements to allow an additional 90-day extension for the customer to submit the Certificate of Completion.

Also move that Duke consider this relief for other solar developers experiencing hardships due to the Covid-19 pandemic.
